

Rotary spark gap wheel  
template. Designed for 4.5"  
angle grinder with 0.875"  
flange

Print this out and epoxy with a thin  
layer to phenolic or FR4/G-10  
circuit board. Smooth well with a  
popsicle stick.

Check the  
dimensions of  
the wheel,  
should be 5.4"  
(137 mm)  
diameter in all  
directions!
